FOR IMMEDIATE RELEASE

MasterCraft Announces Plans to Introduce Certified Pre-Owned Program in Early 2027

New Manufacturer-Backed Initiative Reinforces MasterCraft's Commitment to Industry Leadership and Elevating the Ownership Experience

VONORE, Tenn. (November 23, 2026) – MasterCraft Boat Company, a subsidiary of MasterCraft Boat Holdings, Inc. (NASDAQ: MCFT), a leader in premium performance towboats and the best-selling towboat brand, today announced plans to introduce its MasterCraft Certified Pre-Owned (CPO) Program in early 2027, bringing a new level of manufacturer-backed confidence and support to the pre-owned towboat market.

The initiative represents a significant step forward in MasterCraft's commitment to the entire ownership journey. By extending the brand's established standards of quality and customer care beyond the original purchase, MasterCraft aims to redefine expectations for the pre-owned boat-buying experience while creating new opportunities for customers to enter the MasterCraft family.

"At MasterCraft, our commitment to our customers doesn't end with the first sale," said Jim Brown, President of MasterCraft. "We've spent decades setting the standard for quality, performance and innovation on the water. Now, we're taking that same leadership mindset into the pre-owned market, creating a more confident path to MasterCraft ownership and reinforcing the long-term value of our brand."

The planned program will establish a manufacturer-backed certification framework for qualifying pre-owned MasterCraft boats through a network of authorized dealerships. It is designed to provide customers with greater peace of mind while supporting participating dealers with a differentiated approach to the pre-owned market.

Once the program launches, the Certified Pre-Owned boats will be listed on the recently launched MasterCraft Trader platform, where consumers can browse new and pre-owned inventory from dealers worldwide by model, model year, colorways, features, and options.

The announcement reflects MasterCraft's continued focus on innovation beyond the boat itself, expanding the brand's role throughout the customer ownership lifecycle and strengthening relationships with both existing and future owners.

The MasterCraft Certified Pre-Owned Program is expected to begin rolling out during the 2027 boat show season. Additional program details and participating dealership information will be announced closer to launch.
