Saxdor further extends North American reach

New partners in Maine (USA), Nova Scotia (Canada) and Bermuda continue the Finnish brand's rapid expansion across North America and the Atlantic

Helsinki, Finland – 2 November 2026 – Saxdor Yachts, one of the fastest-growing boatbuilders in the industry, continues to strengthen its presence across North America and the Atlantic with the appointment of three new dealer partners, extending the brand's reach into three new market areas. With production now underway in the United States, Saxdor is further reinforcing its commitment to the North American market. The company has appointed **Yarmouth Boat Yard & Moose Landing Marina** in the **US state of Maine**, **Mahone Marine** in the province of **Nova Scotia in Canada**, and **PW Marine in Bermuda**.

Yarmouth Boat Yard & Moose Landing Marina becomes the **first Malibu Boats, Inc. (MBI) dealer in the United States to also represent the Saxdor brand**. The new partnership follows the success with sister MBI brand Pursuit Boats and supports Saxdor's strategy of expanding its US network through established retailers, complementing MarineMax's long-standing presence in additional market areas.

Maine, United States

Established in 1948, Yarmouth Boat Yard offers boat sales, service and storage for vessels up to 46 feet and more than 100 marina slips with direct access to Casco Bay. Additionally, Moose Landing Marina, added in 2003, is located on Brandy Pond in the Sebago–Long Lake chain and counts more than 200 deep-water slips. Both locations are recognized as Five Star Certified, Top 100 dealers in North America.

The partnership marks Saxdor's entry into Maine and strengthens its position in the Northeast. The two locations give Saxdor owners access to both coastal and inland-lake boating through a single dealer group. The dealer's strong reputation, customer-focused culture and proven track record make it an outstanding fit to further expand the brand's presence across the region. Maine and the wider New England coast have a strong seasonal, affluent boating culture with significant vacation-home ownership.

Nova Scotia, Canada

Mahone Marine, based in Mahone Bay on Nova Scotia's South Shore, becomes Saxdor's dealer for the province of Nova Scotia in Canada, further extending the brand's reach to a new area, building on its recent expansion in the country. Located in a well-established boating and cottage-country destination within easy reach of Halifax, Mahone Marine is known for its customer service and has a strong service business, supported by a loyal clientele. As a Mercury dealer, the company provides Saxdor owners in Nova Scotia and the wider Maritimes with a local partner for sales, parts and service.

Bermuda

In Bermuda, Saxdor welcomes PW Marine to its dealer network. The company has served the island's boating community for more than 30 years and has sold over 300 boats. Its Hamilton showroom is backed by the wider Waterfront Group, which provides a comprehensive range of services, marina and storage facilities, and retail operations. Saxdor owners will therefore have one home for the whole

ownership experience. The partnership responds to growing interest in the brand among younger, affluent buyers on the island, extending Saxdor's presence in the wider Atlantic boating corridor.

"We are thrilled to welcome these new partners to the Saxdor family," said **Don Smith, President of Sales – Americas at Saxdor**. "The signing with Yarmouth Boat Yard & Moose Landing Marina represents the first Malibu Boats, Inc. dealer in the United States to join the Saxdor network, complementing MarineMax's coverage in additional market areas. The dealer's strong reputation and proven success make it an outstanding partner as we continue to expand Saxdor's presence throughout North America.

Together with Mahone Marine in Nova Scotia and PW Marine in Bermuda, this expansion strengthens our reach across key boating markets and brings us closer to more customers. With US production now underway, we are further reinforcing our commitment to the region, supported by partners who bring valuable local expertise and help us build a strong, accessible network across North America and the wider Atlantic."
